

BRINGING QUALITY HEADWEAR TO THE WORLD

To witness teamwork in action each and every day is a remarkable experience. To witness it on all levels is ultimately even more extraordinary. Over my decade of service at Cap America I have continually observed the advantage our customers gain by partnering with this devoted group of individuals.

- The dedication of our customer service and sales staff, along with extended hours of access to them enables coordinating projects to be uncomplicated and unproblematic.
- Collaboration with our creative and talented graphics department who take pride in helping customers develop the unique, desired look and feel for projects secures you invaluable support materials.
- The ability of our production facility which operates 24 hours a day, 6 days a week to react and follow through on the demanding requirements of today's market ensures future business for all.

The end result of all these things happening simultaneously guarantees that everyone who partners with Cap America receives quality headwear, service, pricing and delivery.

Our entire team will be hard at work for you in 2012!

Sincerely,

Bruce Watson
President and Chief Operating Officer
Cap America, Inc.
